

26th November, 2014

Thank you from the Head of School

Dear Parents,

At the weekend we had one of the highlights of the year, the annual Winter Bazaar! It was truly an amazing event this year with contributions from all areas of the school community. It was inspiring to see offerings and specialties, including delicious dishes and delicacies from every corner of the globe. Such a day demonstrates the concept of “internationalism” which is something we explore with our students.

Staging an event like this is not possible without extensive planning and lots of energy from the many people in our school community. The Winter Bazaar is led by our multi-talented PTA (including national and international parents), and all involved in this group deserve a big thank you.

There was also a special organizing team (overseen by Rianne te Winkel) which planned, prepared and managed the event, and we are especially grateful for their immense efforts.

We are also grateful to the many corporate supporters who contributed fantastic prizes for the raffles, spinning wheels and games.

So thank you to everyone who cooked meals, baked treats, created trinkets, painted faces, staffed stalls or contributed in other ways. It is the biggest fundraiser event of the School year and perhaps one of our greatest traditions.

Yours faithfully,

Head of School

Birgitta Sandström Barac
