

	<p>Who we are An inquiry into the nature of the self; beliefs and values; personal, physical, mental, social and spiritual health; human relationships including families, friends, communities, and cultures; rights and responsibilities; what it means to be human.</p>	<p>Where we are in time and place An inquiry into orientation in place and time; personal histories; homes and journeys; the discoveries, explorations and migrations of humankind; the relationships between and the interconnectedness of individuals and civilisations, from local and global perspectives.</p>	<p>How we express ourselves An inquiry into the ways in which we discover and express ideas, feelings, nature, culture, beliefs and values; the ways in which we reflect on, extend and enjoy our creativity; our appreciation of the aesthetic.</p>	<p>How the world works An inquiry into the natural world and its laws; the interaction between the natural world (physical and biological) and human societies; how humans use their understanding of scientific principles; the impact of scientific and technological advances on society and on the environment.</p>	<p>How we organize ourselves An inquiry into the interconnectedness of human-made systems and communities; the structure and function of organizations; societal decision-making; economic activities and their impact on humankind and the environment.</p>	<p>Sharing the planet An inquiry into rights and responsibilities in the struggle to share finite resources with other people and with other living things; communities and the relationships within and between them; access to equal opportunities; peace and conflict resolution.</p>
<p>Kindergarten</p>	<p>Friendship enriches our lives. An inquiry into...</p> <ul style="list-style-type: none"> What makes a good friend. How we make and keep friends. Our responsibility to be friendly towards others. <p>Subject focus: Personal and Social Education</p>	<p>Personal histories tell us about who we are. An inquiry into...</p> <ul style="list-style-type: none"> Understanding that we have a past. Family histories influence who we are. How I change over time. <p>Subject focus: Social Studies</p>	<p>Stories can be way of communicating. An inquiry into...</p> <ul style="list-style-type: none"> Ways of communicating stories. Elements of a story How stories can make us think and feel differently <p>Subject focus: Language</p>	<p>There are many different ways to move objects. An inquiry into...</p> <ul style="list-style-type: none"> The use of movement in everyday life. The forces that cause movement. There are factors that affect movement. <p>Subject focus: Science</p>	<p>N/A</p>	<p>All living things change and grow. An inquiry into...</p> <ul style="list-style-type: none"> There are living and nonliving things all around us All living things change Our actions affect living things <p>Subject focus: Science and Maths</p>
<p>Grade 1</p>	<p>How and where we play is part of our life. An inquiry into...</p> <ul style="list-style-type: none"> There are different ways and places to play. We have responsibilities when we play. How and where we play changes throughout our lives. <p>Subject focus: Personal and Social Education</p>	<p>People make journeys for different reasons. An inquiry into...</p> <ul style="list-style-type: none"> Ways we can make journeys and what they are like. How journeys have changed over time. Reasons why we make different journeys. <p>Subject focus: Social Studies</p>	<p>There are many ways to celebrate. An inquiry into...</p> <ul style="list-style-type: none"> How people celebrate in different ways. The purpose of celebrations. Celebrations within our school community. <p>Subject focus: Language and Social Studies</p>	<p>Raw materials can be sorted and transformed. An inquiry into...</p> <ul style="list-style-type: none"> What different raw materials are How different raw materials can be sorted How raw materials are transformed and used <p>Subject focus: Science</p>	<p>Food goes through a process to reach our table. An inquiry into...</p> <ul style="list-style-type: none"> How food is produced. How food reaches us. Our responsibility as consumers. <p>Subject focus: Social Studies and Math</p>	<p>Our needs influence who we are and our opportunities. An inquiry into...</p> <ul style="list-style-type: none"> We have similarities and differences. We all have equal opportunities in our school community. Our environment can be changed to meet people's needs. <p>Subject focus: Math and Social Studies</p>
<p>Grade 2</p>	<p>Lifestyle choices affect our health and well-being. An inquiry into...</p> <ul style="list-style-type: none"> The importance of nutrition, exercise and mental well-being. The impact of our daily habits and routines on our health. The positive changes we can make for our well-being. <p>Subject focus: Personal and Social Physical, Education</p>	<p>Interpretation of artifacts contributes to our understanding of the past and people's histories. An inquiry into...</p> <ul style="list-style-type: none"> The meaning of artifacts. How artifacts contribute to our understanding of the past. Why people keep or discard artifacts. <p>Subject focus: Social Studies and Social & Personal</p>	<p>People can express their creativity through the performing arts. An inquiry into...</p> <ul style="list-style-type: none"> A range of performing arts. How we express ourselves through verbal communication and body language. The purpose of the performing arts. <p>Subject focus: Arts and Personal and Social Education</p>	<p>Weather influences the way we live. An inquiry into...</p> <ul style="list-style-type: none"> Air as matter which takes up space and interacts with objects Weather being the condition of the atmosphere (air) at a given time The benefits and dangers weather can bring <p>Subject focus: Science and Math</p>	<p>The success of a community depends on cooperation, open-mindedness and shared responsibility. An inquiry into...</p> <ul style="list-style-type: none"> The role that cooperation plays in a group. The importance of understanding different opinions. The elements of responsible group behavior. <p>Subject focus: Social and Personal and Language</p>	<p>Living things and their habitats are connected and affected by change. An inquiry into...</p> <ul style="list-style-type: none"> Location of major ecosystems and animal habitats Food chains and adaptation How habitats are affected by human interference <p>Subject focus: Science</p>
<p>Grade 3</p>	<p>Rights and responsibilities exist for various purposes. An inquiry into...</p> <ul style="list-style-type: none"> What is right and wrong behaviour Children's rights The connection between rights and responsibilities. 	<p>The relationship between where you live and how you live changes over time. An inquiry into...</p> <ul style="list-style-type: none"> Different regions and climates in the world Different factors that affect how people live 	<p>Through the arts people can creatively express ideas and feelings. An inquiry into...</p> <ul style="list-style-type: none"> The meaning of art. The messages different art techniques convey 	<p>The sun has a special relationship with the earth and other planets. An inquiry into...</p> <ul style="list-style-type: none"> Relationship between the sun and planet earth Relationship between the sun and the other planets 	<p>Maps visually communicate information. An inquiry into...</p> <ul style="list-style-type: none"> Maps are used for many different purposes. How different kinds of maps are created. 	<p>Access to water affects the environment and lives. An inquiry into...</p> <ul style="list-style-type: none"> The science of water The importance of water. We need to use water responsibly.

	Subject focus: Social Studies and Language	<ul style="list-style-type: none"> How people's lifestyles change over time Subject focus: Social Studies	<ul style="list-style-type: none"> People create art for different reasons. Subject focus: Arts and Language	<ul style="list-style-type: none"> How evidence and observations help us to understand scientific laws. Subject focus: Science	<ul style="list-style-type: none"> Human made features and natural features on maps. Subject focus: Social Studies and Math	Subject focus: Social Studies and Science
Grade 4	<p>Individuals' beliefs and values affect how we live together.</p> <p>An inquiry into...</p> <ul style="list-style-type: none"> The different values and beliefs people have. Actions people take to live together peacefully How our values and beliefs are shaped. <p>Subject focus: Social Studies</p>	<p>Explorations lead to discoveries, opportunities and new understandings.</p> <p>An inquiry into...</p> <ul style="list-style-type: none"> Exploration is inspired by many factors. There have been significant voyages of discovery that have affected the way that we live today. There are a variety of different challenges that explorers face. <p>Subject focus: Social Studies</p>	<p>The art of persuasion has an influence on everyday life.</p> <p>An inquiry into...</p> <ul style="list-style-type: none"> The different types of persuasion How persuasion is used in the world The power of persuasion <p>Subject focus: Language and Arts</p>	<p>The human body is a complex and versatile system.</p> <p>An inquiry into...</p> <ul style="list-style-type: none"> How the systems of the body function How the different systems of our body work together How the lifestyle choices we make affect our body systems <p>Subject focus: Science</p>	<p>Cities can have a variety of infrastructures to support their inhabitants.</p> <p>An inquiry into...</p> <ul style="list-style-type: none"> The infrastructures of a city. Cities are dependent on its citizens to function. Services in a city need to be carefully designed and maintained. <p>Subject focus: Social Studies and Math</p>	<p>How we use our resources affects the environment.</p> <p>An inquiry into...</p> <ul style="list-style-type: none"> The impact humans have on the environment Different resources and how we use them How the choices we make impact the environment <p>Subject focus: Science and Social Studies</p>
Grade 5	<p>Exhibition</p> <p>PYP Culminating Inquiry</p> <p>Students write their own central idea in collaborative groups.</p> <p>Subject focus: All subjects</p>	<p>Migrations of people affect individuals and communities.</p> <p>An inquiry into...</p> <ul style="list-style-type: none"> What migration is. There are various reasons for migration. The effects of migration on people and communities <p>Subject focus: Social Studies and Language</p>	<p>Form and function affects the design process.</p> <p>An inquiry into...</p> <ul style="list-style-type: none"> Products are designed to create solutions. Aesthetics influence how we appreciate an object There is a process of design when creating products. <p>Subject focus: Arts and Language</p>	<p>Energy is all around us and always changing.</p> <p>An inquiry into...</p> <ul style="list-style-type: none"> What energy is. How energy is transferred/changed. How we harness energy. The responsible use of energy <p>Subject focus: Science</p>	<p>Economic decisions affect the world.</p> <p>An inquiry into...</p> <ul style="list-style-type: none"> What economic activities are. Factors that affect economic decisions. The importance of economic decisions. <p>Subject focus: Math and Social Studies</p>	<p>Conflicts may have different causes, consequences and resolutions.</p> <p>An inquiry into...</p> <ul style="list-style-type: none"> Causes of conflicts. Understanding perspectives. Consequences of different conflicts. Ways to resolve conflicts <p>Subject focus: Social and Personal, Social Studies</p>
