

## Leave of absence form - PYP

Students in primary schools in Sweden have compulsory schooling, which means that they will participate in the learning provided. The school is responsible for ensuring that each student reaches the goals of the primary school and teacher-led instruction in school is the basis for this learning.

According to Swedish School Law, the school may grant leave to a student for a maximum of 10 days per school year for personal reasons. Family holidays, travel, visits to relatives and friends, etc. should be planned during the designated school holiday periods. This means that the school can refuse requested leave based on academic requirements.

Any request for a longer absence cannot be approved by the school and must be submitted to Grundskoleförvaltningen three months in advance, see Leave of Absence Policy.
