At ISGR we aim to provide inclusive and engaging opportunities for children during after school hours through various clubs and activities. This allows children to further develop their social, emotional and educational skills. Together with the PTA, the school supports extra-curricular activities which vary year to year based on availability and interest.

Children will:

Learn and develop new interests, skills and talents.

Develop the appreciation of the concept of fair play, team play, honest competition and good sportsmanship when attending sports clubs.

Promote self-esteem through physical competence and/or learning new skills.

Follow the activity rules and behavior expectations.

General Information:

All activity leaders have completed police checks and interviews by school leadership.

The school aims to provide premises for groups of students to engage in after school activities.

All activities are approved by school leadership and align with school values.

Activities that are run by an outside organisation may incur a cost, however any costs are kept to a minimum. Places will be offered based on the club's suitability to the age group.

Places will be given based on a queue system.

Activities at the school can be held between 14:30-17:00.
